

Lake George Wildfire Relief Program Online Application Walk Through

Greeting the applicant: When supporting an applicant with their funding application, remind them that uploading proof of ID is a required step. You can assist by using a smartphone to take clear photos of their ID documents—your own phone if needed—and help transfer those images to the computer being used for the application. This can make the process smoother and ensure the documents are ready for upload. The link is <https://emergency-financial-support.novascotia.ca/>

The application link is **smartphone-friendly** and can be completed using a mobile device.
