

# Preparedness TIP

## What's in Your Emergency Go Bag?

Your Emergency Kit at home will help sustain you and your family for up to 72 hours or more, but what if you have to quickly evacuate (perhaps in under 30 minutes)?

Each member of your family should have an “Emergency Go-Bag” prepared:

- Food & Water
- Medications
- Radio
- Flashlight & batteries
- Seasonal Clothes
- Pet supplies
- Phone & charger
- Whistle
- Duct Tape
- First Aid Kit
- Cash
- Copies of Important Documents
  - Identification
  - Insurance papers
  - Home inventory
  - Family Emerg Plan
